

Dear Guests,

Welcome to our homepage! Let us introduce you into the magical world of SinusCandle! Our company has been dealing with the production of traditional dipped candles for many years. Due to its high quality, unique design and wide colour variety, the design patented SinusCandle excels in both form and function. We hope you enjoy browsing our website.

Why SinusCandle is so unique?

- > The **elegant and pure design** will surely draw your attention to the SinusCandle.
- > Due to the **perfect unity of shape and function**, it will give you pleasure as a decoration and as a household good as well.
- > The Sinus candle was inspired by the unique combination of the **traditional dipping process** and an **innovative technology**. It is manufactured on a full-automatic production line, which ensures the standard quality of the product.
- > In spite of its special shape, the SinusCandle burns **without dripping** that is realized through the wick following the line of the candle.
- > The **packaging harmonizes perfectly** with the candles, both assuring protection and emphasizing the uniqueness of the product.
- > The **SinusCandle** may be an exquisite decoration of every decently laid table.
